Draft for discussion

BIM Basics (1') Definition National Contexe (Luxembour · Actors and main uses of BIM

BIM on site(1')

- for today?
- Which skills are required?

FFormats and tools for BIM

- Models authoring
- Data exchange
- Visualisation formats adapted for the site uses

construction 1

- Equipments installations
- HVAC
- Select equipments in Solibri MV. acces technical document. locate them

Scenario

- Insulation details
- Facade
- · Consult the remark of the Architecte about execution of insulation usina DALUX and

Scenario

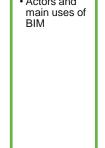

- Impermeabili ty detail
- Facade
- · Consult the various façade lavers in SMV

Scenario Maintenance 1

- Equipments replacement
- Technics / HVAC
- Consult the list of equipments in the room 105 usina COBie. retreieve technical documentati on, replcae the equipment in the physical mock-up, add the new serial

number and installation date in COBie.

- Added value
- Which uses

- answer it
